Alice Denune

There was an error in our genealogy that started with Ethel (Denune) Young's records. In her original notes, she had three different names for William Spencer's (3b#18) wife. I discovered on page 129, volume two of Gary Boyd Roberts book, Notable Kin, that this William Spencer's wife was Agnes Harris. We are descended from this couple. She later married William Edwards. We have notable kin cousins from both of her marriages.
